SAMPLE. Farm 1234 is a made-up farm for the GrainClaim demo. Its field outlines are cut from public crop-field outlines and say nothing about who farms this land.

Unless otherwise noted: shares are 100% operator, crops are non-irrigated, corn is yellow for grain.

SAMPLE, modeled on the notice a real FSA map carries: FSA maps are for FSA program administration only. This map is not a legal survey and does not show ownership; it shows what the producer reported, drawn on aerial imagery.
