SAMPLE ONLY

Sample Mutual Crop Insurance

A fictional insurer made up for the GrainClaim demo (SAMPLE)
Agent: Main Street Insurance Agency (SAMPLE)

SUMMARY OF COVERAGE

Crop Year 2026
Issued 07-20-2026

INSURED
Dave's Farm (SAMPLE)
SAMPLE: Rural Route 1
Nevada, IA

POLICY NUMBER
SAMPLE-2026-CORN

AGENT
Main Street Insurance Agency (SAMPLE)

COVERAGE

STATE / COUNTY	CROP / TYPE	PLAN	UNIT STRUCTURE
Iowa / Story	**Corn / Grain**	**Revenue Protection (RP)**	**Basic units**
COVERAGE LEVEL	PRICE ELECTION	PROJECTED PRICE	CROP YEAR
75%	**100%**	**$4.62 per bushel**	**2026**

UNITS

Unit	Unit type	FSA farm / tract / field	Practice	Acres	Share	Approved yield (bu/acre)	Guarantee (bu/acre)	Guarantee (bu)	Liability
1	Basic	1234 / 5678 / 3	Non-irrigated	80.00	1.0000	180	135.0	10,800	$49,896
2	Basic	1234 / 6012 / 1	Non-irrigated	40.00	0.6667	180	135.0	3,600	$16,633
Total				**120.00**				**14,400**	**$66,529**

How these are figured. Guarantee (bu) = approved yield × coverage level × acres × share. Liability = guarantee × projected price × price election. Revenue Protection pays on the higher of the projected and harvest prices.

Check your acres. Acres shown are the acres on file with us for each unit. If they differ from your FSA-578, tell your agent before harvest.

SAMPLE. This summary was made up for the GrainClaim demo. It is not a policy, and Sample Mutual Crop Insurance and Main Street Insurance Agency (SAMPLE) are fictional.
